

People Before Profit Alliance Cityside

Vote No 1 Connor Kelly

Dear voter,

I have been involved in People Before Profit since its formation. I was at the forefront of the campaign to save the Educational Maintenance Allowance (EMA), and resist a rise in tuition fees, and helped organise many of the student walkouts and demonstrations.

If I am elected to Derry City Council I will continue to do what I am doing, using my Council position to amplify the voices of campaigns against cuts and injustice.

We in People Before Profit are for mass movements from below to change society for the better. We think people power is the only real way to fight the cuts and defend jobs and services. Without people power, we'd have had water charges since 2006 and we wouldn't have recycling centres at the Brandywell and Eglinton.

When some people say that people power doesn't work, I now only have to reply with one word – Egypt. The Arab people have shown that people power does work and I would argue that here, like there, it is the only vehicle for long term change.

I am asking for your Number One in the council elections on 5th of May. A vote for People Before Profit is a vote for the needs of working class people. It is a vote for mass campaigns to save jobs and services. It is a vote against the Tory/Stormont cuts.
