

People Before Profit Alliance Waterside

Vote No 1 Davy McAuley

Dear voter,

I was born and raised on the Waterside and would love to have the chance to represent you, as I feel that the people of the Waterside have not been well-served by the large parties. They work hand-in-glove to bring in budget cuts but are great at playing the Green or Orange card when it suits them. We in People Before Profit know that working people from both communities have far more in common than divides them.

Over the years, I have been involved in campaigning against the introduction of water charges and against cuts in jobs and services across the city. I have been approached for help by young people from both Protestant and Catholic communities who were unfairly treated by police and paramilitaries alike – and have helped to get them justice.

If I am elected to Derry City Council I will continue to do what I am doing, using my Council position to amplify the voices of campaigns against cuts and injustices.

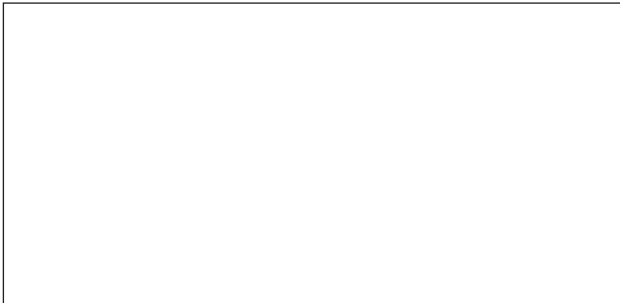

We in People Before Profit see people power as the only real way to fight the cuts and defend jobs and services. I am asking for your Number One in the council elections on 5th of May. A vote for People Before Profit is a vote for the needs of working class people. It is a vote against the Tory/Stormont cuts.
