**Vote No 1**

# **Diane Greer**

## ***Why should you vote for me?***

I would do my very best to bring to bear all the skills I have honed during my years rearing a family, working in education and volunteering in the community and voluntary sector.

I am on the planet a fair while and speak as I see. I'm not afraid to challenge systems that aren't working - in particular for those who find it most difficult to speak out because they have been disadvantaged or discriminated against.

I genuinely believe in equality, diversity and inter-dependence. Working together is a must if we are ever to build a fair, peaceful and sustainable future that we want to grow into.

There you go - the choice is yours. I could always come around to your house and sing for you!!

I would love the chance to represent you - but then you'd need to vote for me first!

In peace,

**Diane Greer**
