

We call for a **radical extension of democracy on the Council**. We want to see the big decisions about our future made by the elected Council and **not by unelected boards**.

We will **expose all secret deals** and demand that all debates on issues affecting the people are conducted in public.

We will **oppose job cuts and privatisation** which has removed vital services from public scrutiny.

We will oppose the **scandalous waste of public money** on Derry City airport.

We will **demand the abolition of ILEX**, which has virtually nothing to show for the £21 million it has spent since 2003. We want government investment money to be channelled through the City Council, where it should be used to **benefit local people and communities**, not serve the interest of property developers.

We believe that we **need a campaign** for massive government investment to **create jobs, build public housing, develop our public transport system, expand the university and support public services**.

Council Election
May 5th 2011

**DAVY
MCAULEY**

Davy McAuley is a 34 year old activist originally from Drumahoe. He is an organiser for Love Music Hate Racism and has been a prominent anti racism campaigner for many years.

He was the media spokesperson for the Derry Anti War Coalition throughout the campaign against the wars in Iraq and Afghanistan.

He has played a major role in organising the Gay Pride and he played a leading role in the local Communities Against the Water Tax.

Davy lives with his partner Amanda and currently works in a Derry based call centre.
